Subject: Follow up on our discussions - Nashville Airport Release

Teresa and Steve,

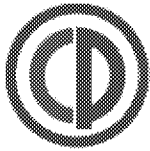

As a follow up to our phone conversation yesterday, again, thank you both for your time in our discussion of the release incident at the Nashville airport. I very much appreciate your insight and comments on the issues we discussed.

Its my understanding that you felt disrespected by my tone of the conversation and perhaps the scope of our discussion. I do apologize – of course, that was not my intent at all. To avoid any future misunderstandings, prior to future calls, we will circulate a list of talking points to ensure that we provide a better road map for our discussions.

As I explained, Colonial looks forward to continuing to work with EPA to effectively and efficiently resolve all environmental-related issues at the Nashville site, in a manner consistent with OSLTF requirements.

Very respectfully,

Chris Hayes
